

**TEXAS COWBOYS
OF THE UNIVERSITY OF TEXAS AT AUSTIN**
Letter of Recommendation Guidelines

You are free to submit as many letters of recommendation as you wish with your application. However, please note that letters of recommendation are not necessary for your application to be given a thorough and fair review.

Recommendation letters should be used to supplement your application by allowing the selection committee to learn more information about you than you were able to provide in your application essay.

Recommenders should give the following information in their letters:

- Their name
- Their relation to you
- The length of time they have known you
- Their relation to The University and Texas Cowboys
- Their contact information

Please submit any recommendation letters when you turn in your application. Letters of recommendation should be signed and sealed in an envelope.

If you have any questions, you may contact:

Andrew Solomon

Selection Chair
